RUNWAY
GROWTH FINANCE CORP

Strong and Growing Portfolio Committed Capital (\$M)

Runway Growth Finance Corp. ("Runway Growth" or the "Company") is a specialty finance company that directly originates and invests in primarily first lien, senior secured loans, with a target of \$10M to \$150M across the Runway and BC Partners platform, in the technology, healthcare and information services, business services, financial services, and select consumer services and products industries. Our objective is to maximize total return by generating current income from debt investments and capital gains from warrants received with those debt investments. Our portfolio companies, which may be either sponsored (venture-backed) or non-sponsored, use loan proceeds as a supplement or alternative to issuing equity.

The Company is regulated as a business development company under the Investment Company Act of 1940, as amended, and is externally managed by Runway Growth Capital LLC, an SEC-registered investment adviser and affiliate of BC Partners Credit with offices in the San Francisco Bay Area, Chicago, New York, and Dallas.

Founded by Forbes Midas list venture capitalist David Spreng, the team includes investment professionals who have significant depth and breadth in growth lending, venture capital, and portfolio management.

The Company is building a durable platform through prudent deployment of leverage to increase originations while continuing to stay disciplined in the underwriting and monitoring process. Since inception, the Company has closed 115 transactions, funded \$3.0 billion and committed \$3.7 billion in investments, and realized 59 exits.²

Strong Demand & Underserved Market

As the number of venture-backed companies continues to grow and with venture capital deployment coming off of record levels, there is a large and growing addressable market for venture debt and growth lending. The Company is strategically positioned to benefit from current market and economic conditions as more late-stage companies turn to the private markets for the crucial capital needed to fund their next phase of growth.
